In the distant future, ten soldiers battle for control of the least desirable piece of real estate in the known universe—a box canyon in the middle of nowhere. RED VS. BLUE chronicles the misadventures of two hapless armies as they wage a war that few understand and no one wants to fight.

It all started with a simple question: "You ever wonder why we're here?" But in a place called Blood Gulch, the answers aren't always what you expect. What began as a six-episode video project created by a group of avid *Halo*® fans quickly took on a life of its own. Five seasons, 100 episodes and millions of downloads later, RED VS. BLUE: THE BLOOD GULCH CHRONICLES has become known as one of the funniest and most popular Internet video series of all time. This 6-disc DVD set includes all 100 episodes from the five seasons (remastered for Seasons 1-4), as well as hours of exclusive bonus material.

WARNING: CONTAINS ADULT LANGUAGE
